PROFESSIONAL SUMMARY

Motivated Cybersecurity student with a growing foundation in computer networking, programming, and cybersecurity fundamentals. Eager to develop practical technical skills, gain hands-on experience, and contribute to protecting digital systems while building a career in cybersecurity.

EDUCATION

MIVA Open University — Bachelor of Science
Cybersecurity | 100 Level | 2026 – Present

NECO Senior School Certificate
Christ the King College, Ado Ekiti | 2008

TECHNICAL SKILLS

- Cybersecurity: Cybersecurity fundamentals, network security concepts, digital safety... in view.
- Data analysis: Microsoft Excel, data entry and organisation, sorting and filtering, basic data cleaning.
- Programming and databases: SQL, Python, C programming, HTML, CSS, and JavaScript.
- IT and productivity: Computer networking fundamentals, Microsoft Word, and Microsoft Excel.

DATA ANALYSIS KNOWLEDGE

Interested in using data to identify patterns, organise information, and support informed decisions. Building practical capability in spreadsheet analysis and SQL, such as cleaning datasets, using formulas, querying tables, or creating charts.

PROJECTS & PRACTICAL LEARNING

Student Portfolio Website
November, 2026 – Present

- Created a personal portfolio website using HTML, CSS, and JavaScript.
- Organised pages to present education, skills, interests, and project information.
- Published the website using GitHub Pages.

CERTIFICATIONS & TRAINING

- Data Management and Analysis with Advanced Excel — Simpliv | 2021
- Introduction to Cybersecurity — Cisco Networking Academy| 2026

RELEVANT COURSEWORK

Web Technology, computer networking, programming, databases.

CAREER INTERESTS

Cybersecurity Analysis • Network Security • Digital Forensics • Ethical Hacking • Data Analysis • Cloud Security
